

ROLLIER NATURE

RED 2021 - No sulfite added

LA
MARTINETTE
— CHÂTEAU —

A wine of pleasure to drink in its youth.

An original and tasty wine, without added sulphite, to preserve the natural balance of our wine. The spirit of Rollier rouge is to sublimate the roundness and the crunchiness and to favour freshness.

BLEND & WINEMAKING PROCESS:

GRAPE VARIETIES

Cinsault 80% - Syrah 20%

ALCOHOL DEGREE

13%

The harvest is carried out at daybreak to preserve freshness and limit oxidation. A pre-fermentation cold maceration, lasting a few days, takes place in concrete tulip-shaped vats and allows the fruit aromas to be extracted. During the alcoholic fermentation, the extraction is done gently by means of pumping over. It is then finished in stainless steel tanks and

the wines are aged for 3 months. This wine is vinified without the addition of sulfite.

SENSORIAL CHARACTERISTICS:

Nice deep purple color. Rollier nature red wine is characterized by an expressive nose with notes of red fruits, such as redcurrant, enhanced by a floral touch. The mouth is fresh, supple and greedy with a nice persistence on roasted almond aromas. The crisp and light tannins are typical of the young wines of our estate.

WINE & FOOD PAIRING:

This wine goes perfectly with barbecued or grilled meat, charcuterie and cheese platters or chocolate desserts.
